2. CAREER GOAL/OBJECTIVE

I am a dedicated and goal-oriented finale year BSc Information Technology student at North-West University, driven by a passion for innovation and a desire to make a positive impact through technology. Throughout my academic career, I have demonstrated a consistent commitment to excellence, earning multiple academic awards, leadership positions, and recognition for my contributions to both school and community life.

My ambition is to become a skilled software engineer who not only delivers high-quality solutions but also contributes meaningfully to the world. I value companies that prioritize sustainability, social development, and ethical decision-making alongside business success. I thrive in challenging environments and am excited by opportunities that require creativity, resilience, and continuous growth.
